~Mission Statement~

Cumberland Regional Development Corporation has a commitment to serve through affordable housing and make every effort to provide an environment conducive to the well being of the person.

Our low income housing facilities, sponsored by Cumberland Regional Development Corporation, are dedicated to providing for the physical, psychological, and social needs of its seniors citizens 62 years of age or older and who may be disabled individuals in an environment which promotes the dignity of each person.

~Management Philosophy~

Cumberland Regional Development Corporation has a philosophy and tradition of providing quality, safe affordable housing.

Our goal is to plan and develop quality facilities that recognize each resident's physical, mental, emotional needs and rights. By selecting competent professionals who have experience in planning and developing specific housing facilities, we accomplish this goal.

We employ efficient management who have a love for people, can provide prompt maintenance, and sound financial management. Our staff places the health of residents as a top priority and locates the appropriate health resources as needed.

Cumberland Regional Development Corporation increases personal security for residents by offering features such as an emergency call system, smoke detectors and fire alarms.

It is our goal that each resident considers the facility, in which he/she lives, their home.
